

Look at the examples given. Use the space below to make some notes about your own fantasy gateway ...

 <p>Name of world</p>	 <p>Where is the gateway in this world?</p>
 <p>What can you see through the gateway?</p>	 <p>Describe the gateway itself</p>

Now use your notes to write a short account of stepping through the fantasy gateway.

1. Describe briefly how you found it and where you are in the real world.
2. Describe what the gateway looks like.
3. Describe walking through it. How does it feel?
4. Describe what you see once you step through.
5. Leave the ending open, with the reader wanting to know more!
